

ACADIA ROAD WILL BE DEMOLISHED AND RECONSTRUCTED OVER THE NEXT TWO MONTHS – EXPECT TRAFFIC DELAYS

Construction activity will impact drivers, cyclists and pedestrians along roads adjacent to the Block F site: Acadia Road, University Boulevard and Toronto Road. This means detours with road closures and/or single-lane alternating traffic. Work will take place within the hours of **7:30am to 7pm (Monday to Friday)** and **9am to 4pm (Saturday)**. Residents will have access to their driveways from either the north or south ends of Acadia.

Musqueam Capital Corporation will continue to provide updates and traffic management plans to allow people to plan. Everyone's safety is our top priority. As such, please respect the direction of traffic control personnel.

The new enhanced Acadia Road is expected to be complete by the end of August.
